ASU West Summer CSI Experience

Summer CSI Experience is a week-long experience introducing high school students to “real life” forensic science. Students will have a choice of different areas of forensic science in which to participate, while also engaging in group activities centered on other topics important to all areas of forensics. The summer program is for current Arizona high school students (9-12). You may select from one of two sessions that will take place at ASU West campus July 11-15, 2016 and July 18-22, 2016; students are invited to apply to participate in one of the sessions. We are able to accept a maximum of 72 students per session. Both sessions take place from 9:00 a.m.-3:30 p.m. each day.

Session I: July 11-15
Register: regonline.com/summercsi

Session II: July 18-22
Register: regonline.com/summercsi2

Cost: $250
Grades: 9th-12th
Contact: Kimberly.Kobojek@asu.edu

Energize Me Sponsored by APS

Learn about different forms of energy (such as food and chemical, sustainable solar, and wind) by building devices that harness energy. The engineering design process will be emphasized to encourage students to optimize their designs. All programs take place from 9:00 a.m.-4:30 p.m.

Sporting STEM Sponsored by APS

Discover the many ways science and math intersect with sports! Why do we care about the inflation pressure of a football, or sleek suits in swimming? How can sports teams use math and statistics to build a better team? Come learn the answers to questions like these, and more! All programs take place from 9:00 a.m.-4:30 p.m.

Creative Computing Sponsored by APS

Discover the quickly growing and changing field of computer science, and how YOU can blend your creative genius with awesome technology skills. In the Introductory Creative Computing workshop, students will learn the basic skills needed for developing algorithms and coding in many different languages, such as the construction of if-then and if-else, repeat, while, counter and function statements. In the Intermediate Creative Computing workshop, the basic concepts from the introductory workshop will be reviewed before students launch into a variety of computing environments to develop their own games and programs. All programs take place from 9:00 a.m.-4:30 p.m.

Session I (Introductory): June 6-9
Register: regonline.com/creativecomputing6to8thgrade

Session II (Intermediate): June 20-23
Register: regonline.com/creativecomputing9to12thgrade

Cost: $30

Note: There are no grade requirements/restrictions for the Creative Computing sessions.

Veterinary High School Summer Camp

This camp includes an exploration of careers in veterinary medicine with guest presenters in the industry, lessons in animal anatomy and physiology (with animal dissections), live animal interactions, and exotic animal medicine. The program also includes tips related to applying for a professional veterinary medical program with help on crafting an effective cover letter.

Session: June 6-9
Time: 9:00 a.m.-3:00 p.m.
Register: regonline.com/veterinarysummercamp

Cost: $250
Grades: 9th-12th
Contact: Darra.Browning@asu.edu
Social Group Camp

Fun, interactive environment to develop and enhance social proficiency. Perfect for children with Autism Spectrum Disorders and other social challenges.

Led by a licensed clinical social worker, the Social Group Camp will provide your child with a fun environment to develop and enhance proficiency in social situations. Interactive lessons, group activities and games will be used to keep participants interested and engaged. The emphasis is on helping participants develop a sense of confidence in a comfortable and nurturing atmosphere. Perfect for children with Autism Spectrum Disorders and other social challenges. Group sessions will include the following topics: Communication Skills, Nonverbal Communication Skills, Being Part of a Group, Expressing Your Feelings, Caring About Yourself and Others, Standing Up for Yourself, and Managing Conflict.

Session: June 20-24
Time: 9-11 a.m.
Register: regonline.com/socialgroup
Cost: $175
Grades: 6th-8th grade boys
Contact: Jennifermontgomerylcsw@gmail.com

Summer Writers Workshop

The Summer Writers Workshop will train you to develop your voice as a writer and explore creative approaches to writing. By the end of this summer camp, you’ll have written poems, short stories and even a play or two. You can even get published in Canyon Voices, the online creative writing journal at ASU’s New College. We have residential or day camp opportunities and, of course, a whole lot of writing.

To apply for the Summer Writers Workshop, click on the Register button and fill out the form. We will inform you by letter if your application has been accepted. You will pay once you have been accepted into the program.
Camp fee includes lunch and a snack. Residential hall available for additional fee.

Session: June 6-9
Time: 9:00 a.m.-4:00 p.m.
Register: eoss.asu.edu/SummerEnrichmentWriters
Cost: $300
Grades: 9th-12th
Contact: Lucy.Berchini@asu.edu or Julie.Amparano@asu.edu

Summer Experience at West

Join us for the ASU Summer Experience at West where students in grades 9-12 will participate in unique, college-prep experiences. Participants will enjoy interactive activities that may include research, laboratory visits, presentations, seminars, college-major explorations and panel discussions led by current ASU students and faculty. Students may select from two sessions.

Session I (11th and 12th grade): An overnight experience where students will sleep in our residential halls. Includes all meals. A few workshops may touch on subjects like psychology, social justice, exercise and wellness, and nutrition.

Session II (9th-10th grade): A daytime camp. Students provide their own lunch either from home or for purchase at ASU’s dining facility. Students are responsible for their own transportation. A few workshops may touch on subjects like psychology and leadership, forensic psychology, political philosophy, and sustainability.

Priority deadline is May 6. Limited space is available.
For questions about the program or scholarships email Bibiana.Rivera@asu.edu.
